ProHDMI

Network Encoder

HDMI Ethernet port USB for upgrade, video record, and playback Mini-USB

Functions

The **ProHDMI** Network Encoder is an encoding device for IP broadcasting. The source signal can be from STB, PC, TV, etc. It can transfer the live program through the internet/LAN, and the output signals are to be received by PC, phone and other mobile terminals. The **ProHDMI** lets you access your IP STB, PC or TV anywhere to watch your programs. Whether you are in your house or across the globe, you'll never miss a game or your favorite show. The device supports HDMI input and encodes in MPEG 4 AVC/H.264 format, after which, transmits the IP signal output over UDP (unicast/multicast), RTMP and HLS. The USB port is designed to record and save the encoded video (TS) in ts files in the USB Keys or Hard Disks and play it back through IP out to increase your content options.

Features

- HDMI input
- Easy setup
- Watch and control your live and recorded TV shows anywhere, anytime
- Multiple streams out with different settings: protocol/resolution/bitrate
- Resolution downscale conversion
- HLS Protocol supports Apple terminals simultaneously running as per different resolution and bitrate setting
- USB port for TS recording and playing back, increase signal source option
- IP Output over UDP (Unicast/Multicast), RTMP, HLS
- Absolutely no monthly fees

Principle Chart

Multiple (up to 3) streams output with different settings: protocol / resolution / bitrate

Specifications

Encoder Section	HDMI input	Video	Resolution	1920x1080_60p, 1920x1080_60i 1920x1080_50p,1920x1080_50i 1280x720_60p ,1280x720_50p 720x576_60i ,720x576_50i
			Encoding	MPEG-4 AVC/H.264
			Bit rate	1Mbps~15Mbps
		Audio	Encoding	MPEG1 Layer II, MPEG2-AAC, MPEG4-AAC
			Sampling rate	48KHz, 44.1KHz(RTMP)
			Bitrate	48,64, 96, 128kbps
Stream out	IP out over UDP (Unicast/multicast), RTMP, HLS (RJ45, 100/1000M self-adaption)			
System	Remote control	Web-server NMS		
	Language	English control interface		
	Upgrade	USB/NFS		
General	Approx weight	≤1Kg		
	Operation temperature	0~45°C		
	Power supply	DC12V		
	Dimensions	183*110*45mm
